

The period of emerging adulthood, between the ages of 16-26, is a critical time when young adults make life choices and establish behaviors that could have a major impact across their entire life span. Research indicates that an untreated mental disorder during this period is likely to affect an individual's functioning in an adverse way.

DeKalb CSB can help!

DeKalb Community Service Board (CSB) is committed to serving the needs of adolescents and young adults in metropolitan Atlanta by offering a full spectrum of mental health outpatient and community support services; as well as crisis stabilization and residential services for those ages 18 and up.

Emerging Adult Support Services

The DeKalb CSB Emerging Adult Support Services (EASS) is designed to promote recovery and independence for emerging adults through a system of care model that builds on participant's strengths and community supports in order to improve functioning at home, at school, at work, in the community and throughout life.

Adolescent and Adult Services

Youth between the ages of 16 and 26 are eligible for EASS services if assessed and determined to have a diagnosis which indicates emotional disturbance, mood disorder, behavioral disorder or some combination of these categories. Individuals who are significant in the individual's life, schooling or community are included as appropriate in the plan of care.

Community Outreach and Education

DeKalb CSB provides community outreach and education to increase collaboration across agencies to meet the multiple and complex needs of emerging adults with serious mental health conditions and their families.
